Yaylor Named Head Math Department President Lamkin

Norval Yaylor has been appointed chairman of the department of mathematics in the Northwest Missouri State Teachers College, Uel Lamkin, president, announced today.
Lamkin said the appointment, which will become effective December 1, was made in order to relieve H. H. Colbert, who is more than 60 years old, of the burdens of the department. Mr. Colbert has been in the college for thirty years.
Yaylor was graduated from the college in 1932 with an A. B. degree and a major in physics. He is teaching in the college here after he obtained his Master Science degree from the University of Iowa in 1935.
He is a son of Mr. and Mrs. O. H. Yaylor of Hopkins where he was graduated from high school.

HS Radio Guild Broadcast

The girls of the College High School, who are members of the radio guild, will broadcast over WQTH this Sunday afternoon from 1:45 to 2:15 o'clock. The theme of the program will be "The Modern Girl."
The group will be entertained at a dinner party at the Oakford Tea Room at 5 o'clock.

Two Youths Change Old Fable; Singing Way Through College

Hitch-Hike to St. Joseph Every Week to Sing in Mixed Quartet

By Ye Ed of Roundabout.
An old fable has always read that the grasshopper had to sing for his supper, but two young men at the college here have changed the verse somewhat, and are singing their way through school.
Virgil Woodside of Independence and Merrill Ostrus of Wotia, Ia., proud of themselves when they tell how they are making their own way in college.

Every Saturday afternoon they leave the campus and hitch-hike to St. Joseph, where they are employed to sing on Sunday mornings at the First Christian church on Tenth and Faron streets. Since they do not feel that their money is enough to provide transportation, Virgil and Merrill rely on their thumbs for that. Often they do not arrive back in Maryville until late Sunday evening, as rides are harder to get at night.
Mixed Quartet
The St. Joseph church they are singing at has a quartet of mixed voices. Miss Roberta Hoffman, soprano, and Mrs. J. R. Roberts, contralto, are the other two members. Virgil is baritone singer, and Merrill is tenor.

At the church, Virgil teaches young people's Christian class, which meets for Sunday school. Virgil and Merrill sing on

Tradition of MIAA Champion Being Undeclared Started Here in '31

News Reports to Contrary Meets With Opposition in Bearcat Lair

News reports of last week-end to the effect that Kirksville, in 1932, started the tradition of the winner of the Missouri Intercollegiate Athletic Association football championship being also on the nation's honor roll of undefeated and untied teams met with opposition this week in some quarters at the Bearcats' camp.

Three Dorms Being Built Now by NYA

Eight Structures Will Be Located West of Pines

Eight N. Y. A. project structures will ultimately be built on the campus here, according to Tad Reid, engineer in charge.

At present three dormitories are under construction, and work will begin on three more before the end of the school year. Beside the dormitories, a recreation hall and a dining hall have been planned and will eventually be built.

Designed by D. N. Valk, head of the industrial arts department here, the buildings will be built with a wood framework and covered on the exterior with a brick veneer.

The group of buildings will be located west of the pines and directly north of the athletic field.

Excavation and concrete pouring has been done by N. Y. A. labor under the supervision of W. P. A. skilled workers. Each dormitory will be thirty-six by fifty-six feet, with sleeping quarters on both first and second floors. Also on the ground floor will be a lounge, fireplace and reception hall. Each building is intended to house thirty boys.

The dining hall will seat 250 persons and will also serve for class rooms, office purposes and storage rooms.

At present, it is thought the new library should be ready for occupation by the beginning of the summer term.

The Horace Mann laboratory school will probably be occupied sometime in January.

Sophomores Elect Marjorie Powell Vice-President

Marjorie Powell of Stewartville was elected vice-president of the sophomore class at a class meeting Wednesday afternoon. This was the first meeting of the class since the opening of school.

At this meeting Miss Dorothy Truex, assistant director of personnel for women, was chosen as the social advisor for the class. Paul Fields and Donald Weeda both of Maryville were elected to the class executive committee. The rest of the meeting was taken up with routine matters.

The news reports revealed that the tradition was begun by Kirksville back in 1932 when the Bulldogs back that college won the M. I. A. A. championship and remained undefeated and untied for the entire season.

But it was back in 1931 in the days when Ryland Milner was tossing his bullet passes to Wilbur Stalcup, Robert Hodge and Ted Hodgkinson that the tradition began. It was revealed this week in the 1938 M. I. A. A. champion Bearcats' lair. That year, after being confronted with an apparent lack of veteran material, the Maryville eleven finished one of the greatest seasons in Bearcat history, and, with their goal line being crossed only once during the season, the locals were one of the five college teams of the nation which finished the season untied, undefeated.

Score 190 Points
Rolling up a total score of 190 points that year, the Bearcats al-

lowed only the Peru, Neb., Teachers to score against them. The final score of that game showed that the locals defeated Peru 12 to 6 in the opening game of the season, and after that initial game not one eleven crossed the Maryville goal line.

Coaches E. A. "Lefty" Davis and Henry Iba had that year such all-time stars as H. Fischer, co-captain and fullback; Criss Hedge, co-captain and tackle; Frank Moore, center; Robert Hodge, end; Robert Dowell, tackle; Walter Dowell, guard; Lawrence Phelps, halfback; Ted Hodgkinson, halfback; Mac Egendorf, tackle; Mack Ruth, center; Pete Sullivan, guard; Raymond Mitzel, halfback; Lee Dunham, guard; Glen Marr, end; Otis Smith, tackle; Stewart Sheldon, end; Wilbert Parker, halfback; Wayne Furse, halfback; Gerald Stigall, halfback; Wilbur Stalcup, end; and Ryland Milner, quarterback.

Plays With Broken Arm
Milner, who is now head coach of the Bearcats and who just led his proteges to the 1938 M. I. A. A. championship, was all-M. I. A. A. quarterback that year, and Stalcup, line coach of the locals, was an end on the second all-M. I. A. A. team. It was that year that Milner continued his outstanding passing and playing throughout the Warrensburg game, even though he was handicapped with a broken arm.

The largest score which the locals ran up in 1931 was in the St. Ben-

Guest Cards To Be Required For All College Functions

Senate To Take Drastic Action To Curb Library Noise

The Student Senate ruled on Tuesday evening that any person attending an All-College social function, who was not a member of the student body, must have a signed guest card from the office of the Director of Personnel for Women. Anyone who does not conform to the regulation will be refused admittance to the function. This action was taken by the Student Senate after complaints were heard from students regarding the abuse of the guest privilege at College affairs.

The Barkatze pep organization was granted permission to present two stunts. One stunt is to be given at the game this afternoon for the last football game of the season and the other will be given at the first home basketball game of the winter quarter.

The Senate heard the financial reports of the concessions of the Women's Athletic Association and the Barkatze which were held at the football games on November 4 and 11. The Tower report was also read and accepted. The report dealt with the finance and contracts of the Tower for the present edition.

The problem of noise in the library which has periodically been brought up for discussion was again presented and the decision of the Senate was for positive action in the near future. A number of suggestions were made for taking care of offenders.

Marjorie Stone, Ridgeway; Marjorie Powell, Stewartville, and Frank Strong, Maryville, were selected as a committee to investigate the matter of stationery for the Senate and to report at the next meeting, which will be held on November 29, registration day for the Winter quarter.

The standing committees of the Senate are the student affairs committee, composed of Dortha Gates, Grant City; William Metz, Wotia, Ia.; and Gerald Mitchell, and Donald Weeda, Maryville; the assembly and entertainment committee, Marjorie Stone; James Hitchcock, Clarinda, Ia.; Mary Jeannette Anthony, Maryville, and William Evans, Sheridan; the judiciary committee, Richard Shourt, Calhoun; Durwood Maxted, Tabor, Ia.; Mary Jo McGee, Harris, and Bill Maloy, Redding, Ia.

IRC Students Give Peace-War Program

A peace program was given at the Christian church, Wednesday evening, November 16, under the auspices of the International Relations Club. Preceding the program pot-luck supper was served by the arrangement of Mrs. O. E. Moore, chairman of the church committee.

Virgil Elliott, Barnard, president of the I. R. C., introduced the speakers on the program and acted as general chairman. The other speakers were William Dexter Hargis, DeKalb; Avon Reeves, Craig; Carl Hackman, Skidmore; Wayne Crawford, Maryville; Helen Estep, Union Star; and James Hitchcock, Clarinda, Iowa.

Lois Langland, Spring Grove, Minn., read the devotions and several extracts from poems concerning war and peace were read by Margaret Kyle, Graham.

Winter Quarter Opens Nov. 28; Six Day Recess

Students Will Pay Two Dollars Added Book Fee

The Fall quarter at the College will come to an end at 4 o'clock next Wednesday, Nov. 23, it was announced this week by President Uel W. Lamkin. Students will be in recess for the Thanksgiving and between-quarter vacation from Wednesday until Tuesday.

Activities for the Winter quarter will begin with registration Tuesday, November 29, and classes for that quarter will begin at 8 o'clock Wednesday morning, November 30.

Attention of all students who will enroll for the Winter quarter is called to the fact that the fees which were fixed by the College board of regents last summer, effective the Fall quarter of this year, were set at

FACULTY

It is suggested that considerable time can be saved on registration day by having your advisers fill out trial programs before the end of the current quarter. Many students have planned their work for the remainder of the year. If trial program cards are approved NOW it will be necessary to see that the approved program is entered on the registration forms.

\$20 per quarter, divided as follows: \$18 for incidental and activity fees plus two dollars textbook rental.

This step was taken because it was impossible to maintain the bookstore on the two dollar yearly book rental, and also in order to make uniform the fees at all the state colleges.

In addition to the \$20 per quarter, there is a three dollar book fee deposit in the bookstore, which most students have already made.

Jack Garrett Named "Memories" Editor

The Memories, College high yearbook staff was elected last week. The staff includes the following: Jack Garrett, editor-in-chief; Junior Ulmer, assistant editor; Herschel Bryant, business manager, Peter Noblet, art editor; Dorothy Folden, assistant art editor; Evelyn Marsh, photographer editor; Dean Duff, snap shot editor; Dale Donahue and Coeta Conrad, sports editors; James Shell, activity editor; Evannell Walker, assistant activity editor; Dorothy Johnson, Alsomine Fireze, Velma Owens, and Mary Marie Pittsinger, typists.
Miss Margaret Porter is the faculty advisor of the staff.

Not Only STC; But CHS Too Governs Self

When the faculty of the teachers College attend the state teachers meeting, that gives the students a chance to govern the College. But also, while the administrative officers of the College High School are attending the conference, the high school students too, are ruling themselves.

Herschel Bryant, president of the Student Senate, has taken over the administration duties of Mr. Herbert Dieterich, who is attending the Missouri State Teachers Association meeting held this week at Kansas City.

Other administrators of the high school who are attending the conference include Mr. Hubert Garrett and Miss Margaret Porter.

Bearcats Win MIAA Title Last Week by Defeating Cape 15-0 on College Gridiron

Championship Comes to Green and White First Time Since 1931; Locals Undefeated and Untied

By William Stringer
(Member of Sports Staff)

Our very own Northwest Missouri State Teachers College Bearcats established themselves as 1938 football champions last Friday afternoon when they decisively trounced the Cape Girardeau Indians 15 to 0 on the college field. The victory not only gave the Bearcats the conference title for the first time since 1931, but it also enabled them to remain one of the steadily decreasing number of major elevens to be undefeated and untied.

In winning Friday's encounter the Bearcats had far from an easy conquest as the Indians played a courageous game from start to finish. Time after time as the Bearcats seemed headed for a certain score the Indians rallied their defense to stave off the attack. However, the second quarter proved to be their nemesis. In that one eventful quarter the charging Bearcats pushed over two touchdowns, a safety, and a point after the first touchdown for an average of a point a minute for the period.

Although the 15 points registered in the second period were all that the Bearcats actually scored, they crossed the Cape goal line on two other occasions only to be denied a touchdown once by a penalty and once by the gun at the half. Other statistics of the game show the Bearcats' superiority better than the final score, for they outgained the 1937 champions almost seven to one, tallying 17 first downs and performing the unusual feat of holding their hapless opponents to a blank in this department.

As the first period got under way with Pele returning the Cape kickoff to the 35 yard line, the thought uppermost in each spectator's mind was not which team would win, but how much the Bearcats would win. Much to every one's surprise, however, the Indians buckled down to their work and prevented the Bearcats from making a serious threat throughout the entire first period. With both forward walls playing a stellar game defensively, Bernau and Hays, big Cape tackle, engaged in a punting duel that found the ball exactly on the midfield stripe as the quarter ended.

It was the first time this season that the Bearcats had been blanked in the first quarter, and it must have been ranking indeed, for the green and white warriors lashed out in the second quarter with all their usual fury to put the game on ice. After an exchange of punts, McLaughlin intercepted a pass on his own 40 yard marker and returned to the Cape 42. Reital's pass to McLaughlin was good for a first down on the 25, and Cape took time out. Bernau poked up six yards, and then raced to the two foot mark before being knocked out of bounds by Hoeh, Cape halfback. Bernau lost a yard at center, but charged through on the next play for the touchdown. Pele converted a placement for the extra point and the Bearcats were leading 7 to 0.

Pele kicked off over the Cape goal line and the ball was put in play on the 20. On the first play, Weber fumbled and Molitoris spilled him for a 12 yard loss. Hays went back to punt from behind his own goal line and a bad pass from center caused another fumble, Molitoris and Cox downing the kicker for a safety.

The Indians kicked from their 20 to the Bearcat 28, McLaughlin returning to midfield. A forward and lateral, Reital to McLaughlin to Pele carried to the 20 yard line. Bernau poked up 10 yards and Pele crashed to the one yard line. Two line plays and a five yard penalty netted a six yard loss, then Reital passed to McLaughlin for the touchdown. Pele's kick was wide, and the half ended a moment later with the ball on the Cape 45 yard line.

Noted Poet and Lecturer on Next Assembly Program

Lew Saret, poet, woodsman and forest ranger, university professor and lecturer, will appear at the next regular assembly on Thursday, December 1, at 10 o'clock. Saret, who will address the student body and faculty, is the author of four volumes of poetry on the American wilderness.

He received his education on funds that he earned in part by his work in the north woods. He attended the University of Michigan, Beloit College, the University of Ill., and Harvard University. He became first an instructor at the University of Illinois, and later a professor at Northwestern University.

The four volumes of poetry published by Saret are "Many Many Moons," "The Box of God," and "Slow Smoke," a "best seller" in 1925-26 and awarded first prize by the Poetry Society of America for the best volume of poetry published in 1925—and "Wings Against the Moon."

He is also co-author of "Basic Principles of Speech," widely used in the speech departments in many Universities and Colleges in the United States.

Gerald Mitchell Named Head of Independent Club

Gerald Mitchell, Maryville, was elected president of the Independent organization at a meeting held last night. Other officers elected were: Helen Estep, vice-president, Union Star; and Marjorie Murray, secretary-treasurer of Oregon.

Plans were announced for an all school dance and party to be given in the near future, and committees were set up for carrying out the plans.

Also at the meeting it was announced that Dr. Blanche H. Dow, chairman of the department of foreign languages, and Dr. O. Myking Mehus, of the social science department, have accepted the sponsorship of the Independent Association.

There Is Much to Be Thankful For on Next Thursday, Our Celebrated Thanksgiving Day

As a certain popular radio comedian would say, "This is the last issue of the fall quarter series of the 'new' Northwest Missourian."

Throughout the quarter we have listened to comments on the new style of our paper and the opinions were practically unanimous that the change was a great improvement. It seems, too, that the paper is more thoroughly read and most certainly easier read than before. We are glad to see that the new style has such "taking" ways.

But the success of our paper and the improvement mentioned is definitely not due to the change in style alone. This quarter has seen one of the best, the most interested staffs to turn out for some time. The staff has shown both ability and enthusiasm with the result that there has been a better quality of journalism displayed.

Another factor involved in what we conceitedly consider a better paper is the news material which we have had to handle. When the Bearcats win the M. I. A. A. championship and give us hopes of their remaining in that elite class of "undefeated and united" teams of America after this afternoon's battle with the Sioux Falls Braves, it just about makes our paper.

There have also been a number of other stories that have contributed much, as, for example, the building program now in progress on the campus, definitely one of the most important happenings for a number of years.

So, with the end of the quarter upon us, even though we may not feel prepared for the end of so swift and exciting a quarter, there is much for us to be thankful for next Thursday.

Thanksgiving Day should mean much more to us this year than it has for several years past. Though the future is unknown and hard to prophecy, let us read the editorial reprinted here from the Moberly Mirror and reflect upon just how much more there is for us, as Americans and free citizens, to be thankful for because we do live in a democracy with taxation and political evils. But this is not all. We students in the College not only are fortunate in possessing good health with competent medical advice for the exceptions, but we are fortunate in being of that class who CAN attend College. So with these thoughts in mind, may you celebrate Thanksgiving Day happily and with due appreciation of your good fortune.

HURRAH FOR PEACE!

Isn't this a screwy world, though? Here we are worried about our football teams, and across the pond on either side of us everyone is worried about his individual chance of continued life for another year or two. We argue, boast, and scrap over the respective merits or weaknesses of Goldberg and Co. or the Rams or the Irish or the Tigers, while over there everyone shakes in his boots for fear he didn't shout "Heil!" with enough "umph" when the "savior," the "God-sent leader" of the German, or the Russian, or the Italian, or what-have-you people made his latest appearance.

We worry about whether the Greyhound line will stop the Yellow-jacket backs, while the French and Germans depend on the Maginot line or the Siegfried line to hold back each other.

We gripe about hard times, recession, and too many lessons, but nearly everywhere else the children from six up are regimented to be prepared for future army service to save the fatherland, and a lot more rot.

Come on and chirp, "Heil, heil, the gang's all here!" and kiss your rabbit's foot because it isn't "Heil, der Fuehrer or 'Vine Il Duce."

From the Dean . . .

John L. Tildsley, Associate Superintendent of Schools, New York City, writing in BUSINESS EDUCATION WORLD has the following to say about The Teacher's Responsibility:

"Such simple virtues as honesty, truthfulness, consideration for others, dependability, faithfulness, are not found in every home from which our pupils come. Nor are they always to be found in the man on the street, not even in high places. On the teacher rests the tremendous responsibility of personifying in herself the virtues these aspiring, but embryo, secretaries must possess. She must not depend entirely on the influence of unconscious, or even conscious, imitation. She must be truthful herself, and by conscious technique she must inculcate in her pupils a new philosophy able to overcome harmful influences of home and environment. Most untruth is due to want of courage"

"Dependability, another quality which executives rate highly, may be built up even in seemingly unpromising boys and girls by the teacher who is herself dependable. Such a teacher never assigns a task beyond the capacity of the child, but she also never fails to exact the accomplishment of the task thus assigned. Day after day the boy or girl must be given an opportunity for self-directed activity and held strictly to account for the accomplishment of the task. Responsibility once assigned must never be delegated to another. . . ."

"One thing we are ready to admit, is that in the past we have trusted too much to accident. We have worked directly for knowledges and skills and we have trusted to secure the fundamental virtues as by-products of efforts purposefully directed to other ends. Business executives maintain that the most vital elements in the secretary are personal qualities and a cultural background. By the latter they mean all the cultural experiences to which the person has been exposed and which he has made so much a part of himself that they have become a constant, inner force making for a richer and fuller life, at home as well as in business.

"Matthew Arnold, in one of his essays, defines culture as acquaintance with the best that has been said and done by the race, and, in another essay, as the struggle for perfection and the will that perfection shall prevail. . . ."

"I have seemingly unloaded on the teacher of stenography the entire task of educating the boy and the girl. At least, I have assigned to her the task of enlisting and organizing the efforts of all the teachers to which a given pupil is exposed, so that these richer elements in the stenographer's equipment may be perfectly harmonized. What a satisfaction it will be to you to realize that, even if, having acquired these characteristics, the boy, in manhood, enters one of the professions, or the girl, in womanhood, chooses as her life work the care of a family, yet both have received an education as indispensable for the chosen career as for secretarial work itself!"

—J. W. Jones.

"Because it's on the up and up," "Because it's well worth looking over (especially the Stroller, maybe),"

"Because she carries the news wherever she goes," and the prize-winners; "Because every man should have one of his own and not run after his neighbor's (or his best friends)."

Thanksgiving

Around the Campus

Right at the head of this noble column, a large bunch of lovely orchids to the fine Bearcat football team, to Coaches "Taffy" Milner and "Sparky" Stalcup, and to every one who helped bring the M. I. A. A. conference championship to our alma mater. It was fine work by a team filled with grit, fight, and endurance.

And another laudatory word to the two pep squads, the Barkatze and the Green and White Peppers, who finally got together for the good of the school pep, and did their bit to lift the team into new fighting spirit, and to lift the student pep to new highs this year.

And yet another word of appreciation and praise to the new M. S. T. C. marching band and their director, Mr. John W. Geiger, who have given the school and the team the help they could get through no other channels.

Last but not least, a word or two to the student body, who came through at last to put their support behind the team when it came to the pinch. And another incidentally, to The Missourian for its extra an hour after the game was over with a complete account.

Campus chit-chat: Heard ye sponsor chuckling the other day something about "It used to be 54-40 or fight, but now the cry is 75-70 or flunk". . . So true, isn't it students. . . The new library is going up with surprising speed. . . Perhaps the new building will be an inducement for more to study a bit. Hard to believe. . . Tri-Sigs pulled something new and different in the routine of school's too standardized social events with their breakfast dance. . . Everyone seemed to have a lot of fun, and all the girls say it was really a success. . . I hope the student pep doesn't suffer a let down with the winning of the conference championship. . . Let's get out this afternoon and lend our support to help the team and the department chalk up the end of an unbeaten, untied football season. . .

Well, gentle readers, I hope, this here column marks my first quarter as a budding columnist. I have tried to make this bit interesting, informative, and impartial. I hope that you've liked it, because it's written for and about you. I'll be back with you next quarter, and until then, Happy Thanksgiving (do I have my holidays mixed?) and remember, it's a great life if you don't week-end.

Books in Review

THE CITADEL, Cronin, Archibald Joseph, 1937. 401p. Little, \$2.50.

The story is a study of the character development of a young Scotch doctor, whose first experience is gained struggling against prejudice, superstitions, and unscientific practices as an assistant to a dying practitioner in the mining districts of South Wales. In London, however, he succumbs to the temptations of realizing financial success and acquires the veneer of a smart practitioner forgetting his early ideals. The blunders of a fashionable colleague brought him to his senses in time to recover his former integrity, but his happiness is marred by the accidental death of his wife. After he is brought to his senses, he establishes a medical center and returns to his early honesty and integrity.

In the Saturday Review of Literature, September 11, 1937, M. S. Ulrich, M. D., states: "Like the author's previous novels, The Citadel has a satisfying solid and three-dimensional quality. I keep telling myself never to take anything for granted," says Andrew of his medical code—which one feels, may well be Cronin's own, and accounts in part at least for the structural solidity that distinguishes all his work. . . . To American doctors the novel's main interest may well lie in the differences in methods of medical procedure in the two countries. Among them it will undoubtedly arouse conflicting opinion. But everyone who enjoys a good novel for its own sake will find it an engrossing, finely written story that needs no justification whatever."

informative, and impartial. I hope that you've liked it, because it's written for and about you. I'll be back with you next quarter, and until then, Happy Thanksgiving (do I have my holidays mixed?) and remember, it's a great life if you don't week-end.

Cyclones and Grapejuice

By Helen J. Reed

I remember a little story I'd like to tell you. It ain't original. It were old to me one summer when I were in Podunk. Well, here's how it were: (In my bestest literary form; as told by an old lady I spent an afternoon with.)

Once upon a time a long time ago in the City of Podunk there occurred in the month of April a terrible cyclone. "Wal, that wuz way back in '29 when Oscar and Lincoln wuz in the seventh grade. Lincoln, he belonged in the eighth but that old teacher of his'n didn't pass him the year before. Yep, an' then there wuz Mary, and Joey and little Hank, they wuz all jes' little tots. An' now

let me recollect wuzn't one o' the kids a baby that year? I b'ieve the baby wuz jes' lernin' to walk. Hiram, that was him, the baby, wuz a little slow lernin' to walk. Guess his dad wuz the same way though, he's been slow ever since.

"Wal, anyway, what I was startin' to tell you. It wuz that year we had the cyclone. It sorta worked up easy like but the kids started howlin' when the back porch blew off up into Uncle Artie's pasture, so me and Pa we grabbed the kids and beat it for the cave."

(Then the old lady got quite dramatic.) "The storm raged and whistled, limbs of trees blew off and every time one of us tried to open the cave door we wuz most blown away."

Well, back in '29 I perticuller rem-

embers, that the grapes was plenty plentifulous (learnt that word from the preacher oney he says it a little different) Yep, I canned forty quarts of grape juice that year. An' it was real stuff. The day the cyclone hit, they wuz still twenty-nine quarts of that there arful good grape juice left. An' so whadya think, them there kids of our'n they got to howlin' fer grape juice. So Pa he let Lincoln and Oscar open a can between 'em.

Well, course then all the other kids they hed to have some. Well, first thing you know, the baby wuz cryin' fer some too. It was gettin' perty late in the year an' the juice was gettin' perty sply. Me, I kinda wondered if'n I orter let little Hiram drink any but 'or I had time to figger that out he wuz guzzlin' good as any of 'em.

Pa and Me, we seen they wuzn't agoin' to be much of that left any way. So he and me started in and doncha know when we come out

The Stroller . . .

As the Indian said when he put on his feathered headdress, "This will keep my wig-wam."

What a week-end! Just one dance after another. The Stroller is yawning over his typewriter and may go to sleep before she gets through with the column.

The victory dance was a victory for the Sigma Committee. Of course the football boys had the upper hand when it came to cutting. Big Joe Green seemed to be taking advantage of it. Bill Bernau was doing his celebrating with the Ford. That superb dancing team of Benson and Max'ed was functioning again (with Lucy Ma return for the week-end.) Don't know why E. Murphy and Beulah Harmon arrived so late. Maybe the Austin was upset. Elise Salmon was there with her insurance salesman while Weary of the book store, cast longing glances at her.

Dolore Hunter has two on the string. Both L. Johnson, Tau prexy, and Frank Yourek have her company. And what's more they are good friends about it and call her "our" girl.

Guess the school really has the jitterbug when the students will get up at 5:30 in the morning to dance. But they sure would holler if asked to get up at that time for a class. At any rate the Stroller will have to hand it to the Tri Sigs being original. And every one had a grand time, but Hattie and Andy who must have overslept they didn't show up. Stogie Willie Heal and Mr. Jo McGee were really swinging out. Turn about fair play, so Emma Isabel Brown must think, the invited Harry Irvin, her escort for the dance the night before.

By the time the Sigma Mu dance rolled around Saturday night, the Stroller's feet were had blisters. Guess I wasn't the only one though for I noticed Bob Taylor and Frances Pyle taking it rather easy. Virginia Bowen forsaken her usual love, Don Weeda, and appeared with Ivan Slav. And we hear it was all on account of a bet. A combination, Harold Brueggeman and Iola An were hitting it off rather nicely.

This Virginia Adams really gets around. Everytime you see her she is with a different man. But we'll let you in on a something. She has secret love. Who knows, maybe you are it?

Much as the Stroller hates to be public man for Mr. Surrey's jokes, we just can't resist his remark of last week. He cautioned his friends to "never end a sentence with a proposition."

The reason Richard McDougal looks so shrunken these days is this: He washed his hair and shrunk.

Bill McMullin and Evelyn Badger are a quiet couple that no one notices them. But the Stroller sees them wending their way down holding hands.

Everyone is having quiz contests these days so guess I might as well start one. I don't want to be behind the times. So here goes for this week's puzzler: Why is a race horse like a pop? (Answer to be found in the next issue. Because the more you lick it the faster it goes.)

Many of the girls have been casting long glances at the blond headed Insley boy! I think it is my duty to warn them that a little school girl commands all of his attention.

Almost forgot the swell pep rally last Friday night after the game. Everything was so exciting. The Missourian went Metropolitan with extra! The band was beating out the rhythm and several members of the faculty gave such inspiring talks. The gardenias for the week of the football team. If they come through at this Friday we'll give them a bale of orchids.

Getting near exam time so I wish to see you all to laugh heartily at any rotten jokes an instructor may pull.

I wonder if Charlotte Perry and June E. were acting their age or trying some new Jitter step while they were dancing last week-end. You probably know, they both managed to meet floor rather suddenly.

At last Charley Vest has found a girl fit to be a date. This find will possibly break up the old dancing team of Vest and Farmer that used to perform from 7 to 8 any evening at the dorm. You think you can take Jimmy Farmer's place? Darlene Lightfoot?

after that there orful cyclone wuz plum out of grape juice two days later I went to the after some tomatoer ketchup fer hamburgers we wuz havin' and what I could figger it seemed they wuz six bottles short. wuz one left so we used that'n. But I asked the boys if'n they knowed anything about it. He's always truthful, he spoke up said, "Why didn't you know, little Hiram dranked that the bottles of ketchup durin' the cyclone."

Me, I wuz jist bowled over. I wuzn't sure whether he drunk on top 'er underneath the juice. But you know I believe done jes' bout as good a job as Hiram as we done on any of the kids."

"Yep, that there was sure cyclone. Pa and me we like never got the cave all strait out again."

Women in the Sports

The W. A. A. Executive Board met last Tuesday to discuss a number of things to be brought up in business meeting. In the business meeting the joint party of the Dance Club and W. A. A. for Leni Alano and Jeanie Benitez was discussed. Also the proposed intramural commission was taken into consideration by the members pending the time it should be presented to the two other departmental organizations, the Dance Club and the Swimming Club. The question of possible affiliation with a national society was brought out, and some decisions were made concerning the opening of basketball season next quarter.

Unity Hixenbaugh, Creston, Ia., is the basketball manager for the coming sport season, and will be assisted by Marie Holding, St. Joseph. The intermural captions will be Marjorie Powell, Stewartville, Marjorie Farmer, Cambria, Ia., Rose Mae Pink, Oregon, Jo Romans, Ord, Neb., and Mary Jeannette Anthony, Maryville.

The teams are being chosen now, and will be ready to begin when the season starts Thursday evening, December 1. Basketball will meet every Monday and Thursday evening next quarter from 7:00 to 8:15.

During the season there will be two tournaments, the intramural tournament and the interclass tournament. Last year the Alpha Sig team was victorious in the intramural, and the Sophomore class won a close decision over the Freshman class to carry off the honors in the interclass tournament.

The basketball manager announces that it is absolutely not necessary for you to be an experienced player to come out for basketball for there will be a division of the group into experienced players and those who are not so proficient.

Toward the latter part of the season there will be a free throw tournament for anyone who cares to enter. A trophy and a goodly number of points are offered to the winner and to the runner-up. Last year Marianna Obermiller was winner and Mary Jeannette Anthony was runner-up. As in the hockey season, two picked teams will play a demonstration game.

Everyone who is interested in basketball is invited to attend the meeting Dec. 1.

Dance Club
Last Saturday the Dance Club made the first of their public appearances in out-of-school engagements when they danced before the members of the D. A. R. at a luncheon. The program was based on singing games and social dances of the Revolutionary period. The program consisted of the minuet, the Virginia Reel, A-tasket, Looby-Lo, Mulberry Bush, and the original folk

College High Four Helps Pass Bills at Mock Legislature

Four students of the College High School took part in the mock legislative assembly held Saturday at Maryville High School. At the legislative assembly, twenty-two bills were brought up and discussed. Out of the twenty-two introduced, five were passed and four were defeated.

The assembly passed bills that would provide for direct election of the president of the United States, for uniform marriage laws, for the nations of the Western Hemisphere to form an alliance to enforce the Monroe Doctrine, and for retirement of teachers on federal pensions at the age of sixty.

The legislature rejected a bill that would have given the president a third term of office, one that would have given the federal government control of preservation of natural resources, a measure to abolish war debts, and a bill to provide for an alliance between the United States and Great Britain.

Of the fourteen schools represented, each one of them presented one or more bills to the house. These bills were referred to one of six committees: trade relations, foreign affairs, education, war and peace, highway and traffic, and ways and means.

The committee met in the morning to pass on bills referred to them and each measure was discussed on the floor of the legislative body in the afternoon.

College High School was represented at the assembly by Franklin Bithos, Esther Jean Hall, Peter Noblet, and Mary Ruth New.

dance created by the Club for the spring recital. The Church dance, also from the spring recital was re-created as a blessing for the luncheon.

Swimming Club
Swimming club is finally organized with constitution, point system and all the rest, ready to start out in full swing at the beginning of next quarter. The club has been hampered this quarter by a late start and by the fact that it was necessary to organize from the start.

The time of meeting has not been fixed as yet, but Wednesday night will be the probable time.

At a meeting last Tuesday night, the Dance Club considered approval of the intramural board which will be composed of the sponsors and representatives from each of the organizations sponsored by the department of Physical Education. These organizations are W. A. A., Dance Club, and Swimming Club.

Green and White Peppers Enjoy Party at Puritan

The Green and White Peppers, women's pep organization, held a luncheon Friday noon, November 11, at the Puritan Cafe, from 12 until 1:30 o'clock.

Leni Alano and Gloria Paz Santos, Pepper members who are leaving school at the end of this quarter, and the new Pepper sponsor, Miss Day Weems, and honorary sponsors, Miss Miriam Waggoner and Miss Dorothy Truex were the guests of honor.

Marjorie Perry, Pepper president, presented Leni and Gloria with initialed Pepper kerchiefs from the organization as a token of their appreciation of loyalty and support that Leni and Gloria have shown the Peppers.

Virginia Gibson, St. Joseph, who served as toast-mistress called upon the pledges, who were wearing "Beat Cape" signs and carrying large, green peppers from the end of long sticks, to provide extemporaneous entertainment for the old members.

The tables were arranged in the shape of a letter "P", symbolizing Peppers, and were attractively decorated with green and white.

Elise Salmon, Maryville, social chairman, was general chairman of arrangements and was assisted by Virginia Gibson and Marianna Obermiller.

Bearcats Rank High Among Undeclared Teams of U. S.

By Kenneth Tebow
Missourian Sports Reporter

"Little more than the shouting remains," quotes one football editor of a nationally-known newspaper, "for the Maryville College Bearcats." Not since the victorious reign of 1931 have the Bearcats "come forth" with such splendid results.

Leni Alano and Jeanie Benitez Honored by Party

The Dance Club and the Women's Athletic Association held a party in the Rose Room of the Blue Moon last night in honor of Leni Alano and Jeanie Benitez who are leaving school at the end of this quarter.

Leni has been a member of W. A. A. for two quarters and has added much to the organization by her enthusiasm and the fine work she has done. In appreciation of this work the W. A. A. presented her last night with an honorary "M" letter. Leni served this last season as an intramural captain for the dormitory and has held other positions.

Both girls are members of Dance Club; Leni a charter member, and Jeanie having earned her membership this quarter. In recognition of the service they have given to this organization the club presented them with a picture of the Dance Group. Leni has also been secretary of the Dance Club.

The members of both organizations were present at the party last night and enjoyed dancing and refreshments before the presentation of the gifts.

Newman Club Elects Farnan and Strohm

Reverend R. E. Graham, pastor of St. Patrick's church, spoke to the Newman Club at the meeting held last Thursday evening. He spoke on the purposes and activities of the club.

Dorothy Farnan, Pamel, was elected treasurer to fill the unexpired term of Leni Alano, who will not be in school here next quarter, and Paul Strohm was elected reporter to take the place of Jeanie Benitez.

The club discussed the plans for the next quarter and decided to hold the formal initiation early in the winter quarter. There was also a discussion of plans for the Club house which the club owns on West Third street.

Undefeated, Untied Bearcats Defend Their Record Today Against Sioux Fall's Teachers

**Final Game for Molitoris,
Cox, Irvine, and Nickel;
Locals Expect Real Battle**

The Bearcats at the Northwest Missouri State Teachers College here will wind up their 1938 football season at 2:30 o'clock this afternoon on the local field when they meet the Braves, strong eleven from Sioux Falls, S. D. Coach Ryland Milner's boys, the champions of the Missouri Intercollegiate Athletic Association, will be out to win in order that they may remain on the nation's honor roll of untied, undefeated teams.

While the local eleven has won all of its games this season, they expect a real battle with the Sioux Falls team this afternoon. Advance information on the visitors reveals that the team is light and fast and has a great aerial attack.

The Teachers from Sioux Falls were defeated by Augustana College by a score of 6 to 0 earlier this season, and later Augustana defeated Midland College of Freemont, Neb., 20 to 0. The Bearcats defeated Midland at the first of the season by a score of 20 to 7. The South Dakotans have, however, gained more ground than have their opponents in most of their contests this year.

Joe Kurtright, who is nursing a shoulder injury, will see little if any service in the game today. He is a blocker and passer in the Bearcats backfield. His injury is the only one of any consequence on the squad at present.

The game today will be the final one for Ed Molitoris, Virden, Ill.; Clifton Cox, Westboro; Harry Irvine, Fairfax; and Gene Nickel, Virden, Ill., all seniors in the College. These men will start the game.

The probable starting lineups:

Maryville	Position	Sioux Falls
Baker	LT	Grant
Molitoris	LT	Vaerenwald
Nickel	LG	Rorman
Kruse	C	Barber
Zemles	RG	Huisinga
Irvine	RT	Nielsen
Cox	RE	Walters
Hiett	HB	Misner
McLaughlin	HB	Atkins
Bernau	QB	Corning
Pelc	PB	Kidd

Tradition of MIAA Champion Being Un- defeated Started in '31

(Continued from Page One)
edict's of Atchison, Kas., game, which ended 54 to 0 in favor of the Bearcats. Other scores of that championship year were: Springfield, 0, Maryville 7; Cape Girardeau 0, Maryville 38; Kirksville 0, Maryville 7; Warrensburg 0, Maryville 12; Rolla Mines 0, Maryville 6; Missouri "B" team 0, Maryville 28; Tarkio 0, Maryville 26; Peru 6, Maryville 12.

The local team that year also was represented on the all-star M. I. A. A. team by Fischer, captain, Hodge, R. Dowell, W. Dowell, Hedge, Ruth, and Milner. Stalcup and Hodgkinson were included on the second all-star team, and Sullivan, Moore and Phelps were given honorable mention on the mythical elevens.

And so it was the Bearcats who began the tradition in 1931 of being the Missouri conference champions and at the same time being on the nation's honor roll of undefeated and untied teams.

Bearcats Win MIAA Title Last Week by Defeating Cape

(Continued from Page One)
As far as scoring was concerned, the second half might as well have gone unplayed. Midway of the third period, Pelc tried a field goal from the 10 yard line, but the ball sailed wide of the uprights. Later in the same quarter Reital passed to Wilhelm for a 25 yard gain, placing the ball on the Cape 12. Reital plowed to the one yard line as the quarter ended.

On the first play of the final period, Reital went over for the score, but the play was called back for an offside penalty. The Bearcats were unable to cross the line again and finally surrendered the ball on the one foot line. The remainder of the game was played mostly in Cape's territory, and the final whistle found the Bearcats on the Cape 19 yard line as the result of a 21 yard run by McLaughlin and two 10 yard gains by Vogel.

The starting line-ups:

MARYVILLE	Pos.	CAPE
Baker	LT	Jones
Molitoris	LT	Hays
Nickel	LG	Conrad
Kruse	C	Beall
Zemles	RG	Wright
Irvine	RT	Hartle
Cox	RE	Kies
Hiett	HB	Hoeh
McLaughlin	HB	McLane
Bernau	QB	Webster

Substitutions—Maryville: Cox, Curtiss, ends; Green, Howell, tackles; Loos, center; Nickel, Zemles, guards; Schotter, Wilhelm, Paxson, halfbacks; Vogel, fullback; Reital, quarterback; Cape: Godwin, quarterback; DuHadway, Green, Branch, ends; Turner, tackle; Knox and Arnold, centers; Campbell, McFarland, Nicholson, halfbacks; Green, fullback; Allen, end.

Bearcat Claws . . . by ken lawson

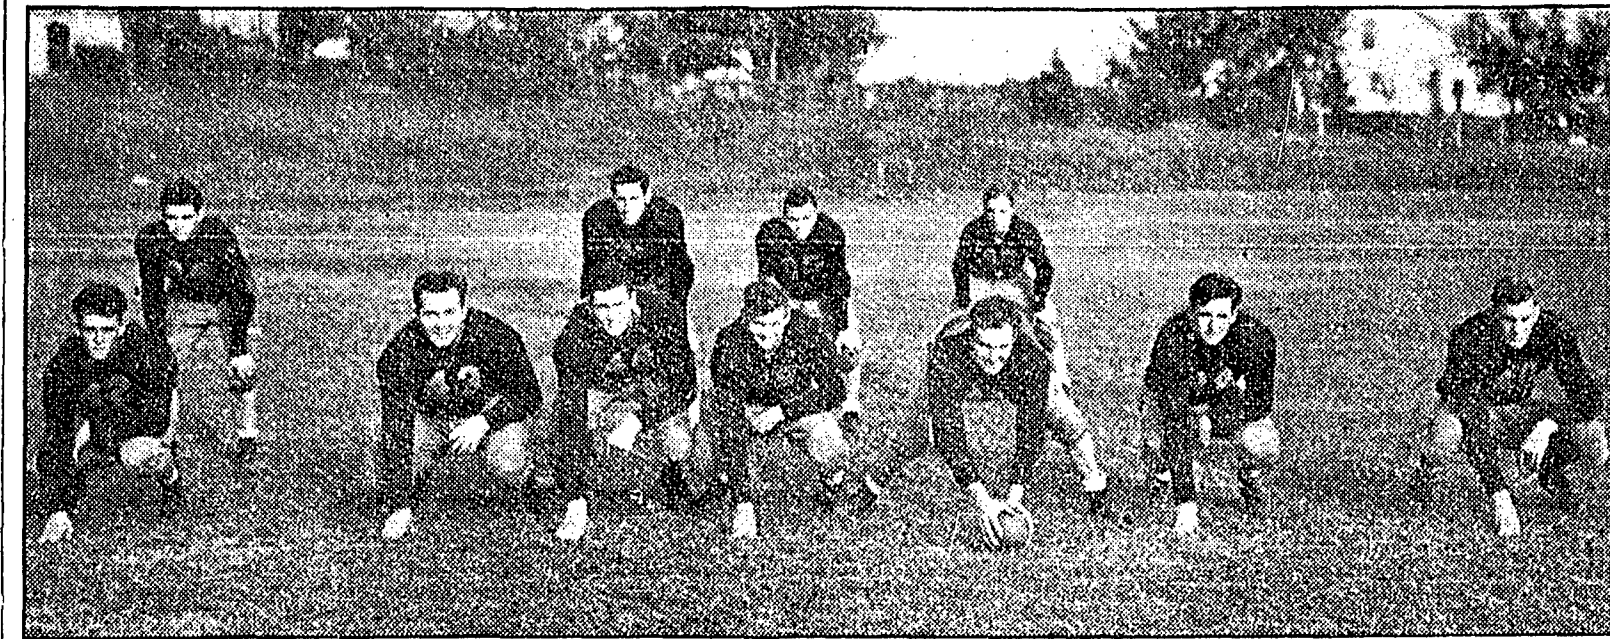

Our ambition has been reached. . . The Bearcats are the holders of the pennant of the MIAA. They clinched the title last Friday afternoon by defeating Cape 15-0. Later we found out that Maryville could have lost that game and still won the race, because there were two upsets in the MIAA last week, Warrensburg defeating Kirksville and Springfield trouncing Rolla.

Today the Bearcats will attempt to stay in the ranks of the undefeated teams of the country. Last week there were only eighteen undefeated teams and some of those will undoubtedly fall this week. Let's hope Maryville is not among them.

The power of the Bearcat opponent for this week is not known for sure. But, according to information received in the Missouri office earlier in the season they will present a very formidable squad for the battle. The Sioux Falls team has evidently shown great improvement through the season, for they were counted to have little power at the first of the season.

Three seniors will be playing their last game of their college career today. They are co-captain Ed Molitoris, Harry Irvine and Clifton Cox. All three are line men and their graduation will be a sad day for the Bearcat line.

The Bearcats' Opposition Here This Afternoon

Shown above are the probable starters of the Sioux Falls College football team who will play here today. They are, from left to right: Backs, Atkins, weight 171; Murphy, weight 180; Kidd, weight 160, and Bendish, weight 155. Linemen—Waters, weight 180; Neilson, weight 206; Barenwald, weight 188; Rorman, weight 168; Barber, weight 174; Husinga, weight 185; Larson, weight 180.

**Stan Pelc Leads Nation For Good
Place Kicks; Bernau Leads Scoring**

The Bearcats are the 1938 champions of the Missouri Intercollegiate Athletic Association and now are looking forward to winning the Sioux Falls, S. D., college game here this afternoon so that they may remain on the nation's honor roll of untied and undefeated teams.

This is the first year that the College eleven has won the M. I. A. A. conference championship since 1931 when Ryland Milner, head coach of the present Bearcat team, was shooting his bullet passes to Wilbur Stalcup, present line-coach. That year the northwest Missourians were among the five untied, undefeated teams in the nation.

As the local team has swept the conference slate clean this year, plus defeating three non-conference teams, indications are that the green and white wave will finish the season untied and undefeated as the Sioux Falls college is not considered by dopesters as being especially strong this year. So far this year the northwest Missourians have defeated the following colleges in the conference: Rolla Mines, Springfield Teachers, Warrensburg Teachers, Cape Girardeau Teachers, Kirksville Teachers, all in Missouri, and also Nebraska Wesleyan at Lincoln, Neb., Peru Teachers at Peru, Neb., and Midland College at Freemont, Neb.

Hold Cape to No Firsts

The game that clinched the M. I. A. A. title for the Northwest Missouri State Teachers College eleven was the one played last Friday in which the Bearcats downed the defending champions, Cape Girardeau, by a score of 15 to 0. In that encounter, the locals tallied seventeen first downs and performed the unusual feat of holding the last year's conference champions to no first downs.

So far this year the Bearcats have worked as a well-drilled unit with few individual luminaries. With only four touchdowns scored against them all season, the Bearcats have presented a well-balanced team as a result of constant drill on fundamentals.

Bill Bernau, co-captain and quar-

terback of the northwest Missourians, has been outstanding as a triple threat man in the Bearcat backfield. He is an almost sure candidate for little all-American this year, as he has been the most consistent year gainer in the conference and is high scorer of the M. I. A. A., having shoved over sixty points. Last year he was included on the second all-M. I. A. A. team.

Personnel

The backfield is rounded out by Bernard McLaughlin, speed merchant who has clipped off the 100-yard dash in 9.9. Stanley Pelc, speedy 200 pound fullback is a sure all-M. I. A. A. candidate as his educated toe has converted thirteen place kicks out of eighteen tries for extra point. This number places Pelc first in

the nation on place kicks, with Vic Bottari of California second with twelve good kicks. With his efficient plunging coupled with his educated toe, Pelc may be placed on the little all-American.

Joe Kurtright and Gene Hiett, as blocking backs, have paved the way for many gains by the College ball carriers this season.

In the Bearcats line is Marion Rogers at tackle, little all-American last year when he was a sophomore, and Andrew Kruse, 212-pound center. Ed Molitoris, co-captain and tackle, was last year selected on the all-M. I. A. A. and he has made the all-state team at tackle for the past three years.

John Green, Harry Irvine, tackles, Andrew Zemles and Robert Rogers, guards, and Clifton Cox and Frank Baker, ends, have been in all of the College games this fall.

The local team has rolled up a total of 156 points this year so far, as against 26 for its opponents. This ranks the Bearcats eleven in the nation among untied and undefeated teams.

Iowa Alumnus Gives Bearcats a Boost

Harold Penwell, B. S., '38, who is teaching in Minburn, Iowa, has written the Missouriian on the "highlights and sidelights of the Iowa State Teachers Convention" held early in November, because there were so many M. S. T. C. graduates and students there that the convention seemed more like a Homecoming. . .

Among Maryville graduates who were at the convention were Emano "Benny" Brown, Arthur "Doc" Yates, both graduates of the class of 1938, and Oren E. Masters, graduate of 1928 who is now teaching Industrial Arts in the Clinton, Iowa High School.

Harold stated that our alumni fans regretted not being present for the Warrensburg game and also for the Cape Girardeau game, but he said, "I am voicing the thoughts of every Bearcat fan in Iowa, 'Congratulations, Coaches Milner and Stalcup and Bearcat Players. We are proud of this year's Championship team.'"
